PAPR

Your Solution to a Cleaner Breathing Zone

- Lightweight blower design (3.25 lbs.) and comfortable shoulder straps reduce fatigue and distribute weight to provide a comfortable fit for a wide variety of users
- Dual air speeds allow users to adjust the volume of air to maximize comfort in varied work conditions
- Audible and vibrating alarms notify users in noisy environments
- Pre-filter extends the life of the main HEPA filter
- Lightweight lithium ion battery provides long battery life
- NIOSH 42 CFR Part 84 Certified/Assigned Protection Factor (APF): 25
